Norway People Come Out as Frankly Here as Elsewhere

Norway people publicly recommend Doan's Kidney Pills. This paper is publishing Norway cases from week to week. It is the same everywhere. Home testimony in home papers. Doan's are praised in fifty thousand signed statements, published in 3000 communities. Norway people are no exception. Here's a Norway Statement.

M. W. Sampson, prop., boat transportation business, 19 Bridge St., says: "It has been some time since I have used Doan's Kidney Pills, but from past experience I can recommend them to anyone in need of a good, reliable kidney medicine. A cold settled in my kidneys and brought on attacks of backache. I was lame and unable to move any way. The pain in my back was severe. My kidneys didn't act right and I had dizzy spells. A friend who had used Doan's Kidney Pills with good results advised me to try them so I went to Stone's Drug Store and got three boxes. After I had finished taking them the trouble left me and I have been free from kidney disorder ever since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sampson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

The selectmen shall make a fair record thereof in the presence of the selectmen and in open town meeting. And the towns and plantations organized by law, belonging to any class herein provided, shall hold their meetings at the same time in the respective towns, plantations; and the town and plantation meetings in such towns and plantations shall be notified, held and regulated, the voters, sorted, counted and declared in the same manner. And the aldermen of any city shall open and examine and compare the copies from the lists of votes given in the several wards, of which the city clerk shall make a record, and return thereof shall be made into the secretary of state's office in the same manner as selectmen of towns are required to do."

## A MOORE PEN FOR EVERYBODY

Ready to write and safe to carry, absolutely non-leakable—fully guaranteed. The only fountain pen filled with ink at the factory and shipped, filled, by mail and express to all parts of the world.

## MOORE'S FOUNTAIN PEN INK

Superior Quality of Fountain Pen Inks. Superior to other inks because of special process of aging to eliminate sediment. Compare this with any other ink on the market. Note its perfect flowing quality, freedom from sediment, and its strong, permanent color. Suitable for all makes of fountain pens.

Writes at first stroke. The pen point, when not in use, being immersed in ink, writes at the moment it touches paper without urging or agitation. The feed bar, which extends the length of the barrel, forms a continuous and direct conductor of ink to the feed spoon. No time is lost in coaxing the ink to flow, because this action is positive, the result is instantaneous.

NO DELAY IN STARTING  
NO INTERRUPTION IN USING  
NON-LEAKABLE

The principle which makes this pen non-leakable is the method of sealing the reservoir by a hard rubber cone. By the employment of a screw thread at the mouth of the barrel which engages another thread in the cap the pen is made bottle tight. It can be carried in any pocket, hand-bag or traveling case. When you put the stopper in a bottle and a cap to hold it in place, you know it cannot leak. This result expected by theory is proven in practice. The Moore Pen cannot leak, for it is corked, locked, sealed, always ready to write.

## Big Barn Door Sketches

8-12-21.

Meredith Center, N. H.

Where I lived eleven years.

And run the wood with a gun and followed the brooks with a fish pole, caught my first trout and shot my first partridge which mother made into a stew.

Old Home Day, Thursday, Sept. 1, at the church vestry. Free supper at 6 o'clock and a lecture in the evening by Miss Sarah Louise Arnold of Simons College, who is a summer resident of the burgh. Everybody invited to buy ice cream and cake—all else is free—come, I will make no speech, come.

Mrs. Abbie L. P. Boynton has Old Home Week on her hands and is much overworked.

Mrs. Warren Kimball made \$200.00 from 45 hens in two years. She kept strict account of everything and put the money in the bank.

"Old potatoes all gone, this is the last of them. You must get some new ones out of the field or go to the store." This was the announcement that greeted us Friday noon, the 12th.

Starting news comes from New Hampton: They are not to teach Domestic Science in that popular institution next year. The reason is not stated. By the way, what is domestic science anyhow? Do you know? I don't.

Robert, the five year old, seriously requests his great grandmother not to pick white flowers by the roadside for fear she may get poisoned. He knows dogwood and wants to be consulted when white flowers are gathered.

Report has it that the Laphams have picked and sold 700 quarts of blueberries at Piper's Market, getting some over \$120.00. The greater part of this goes to increase Nora's savings bank account. They are thrifty and prosperous and persistently hard workers and good people, too, even if they do say I steal their berries, I tell the truth about them.

I'm working to get the last blueberry out of the pasture. It is a painfully slow process, but must be done. Up to date between 10 and 20 quarts have been picked and when I get a dipper full I feel I have accomplished something very much greater than the market price of the berries which is 15 cents at the village.

My sister is doing a good deal of scripping these days. She confidentially told Ella Fligate that she was saving so as to buy Peter, the horse, a new harness. Some consolation was handed back by Ella's saying that she was also saving every penny so as to get a new set of teeth and a "pad" to go under the collar of Maud, her horse. Thus both families are happily saving for a purpose.

Three men get 4 cows to and from the pasture each day. Sometimes they come up the hill in a solid drove as it were. The owner of the cow that stands nearest the bars lets the bars down and the owner of the cow that goes through last puts them up while the third man stands by and sees that it is properly done. Then the three men walk down the road together, discussing current topics of rural existence.

Blackberries are miserable things to pick. You tear your clothes and scratch your hands. About two bushels have been gathered and the most of them are canned. Whether by the new process or old I can't say. I've written the word "Blackberry" on over 44 pieces of gummed paper and I presume they are stuck on the cans to show they are not raspberries or pickled pig's feet. Such are the mysteries of the kitchen.

"John Bulman of New York is calling on friends here." Local item in the home paper. This boy came from Worcester, Mass., to work on Warren Kimball's farm eight years ago. He stayed 16 months and was an exceptional good boy. He returned home and got a "swipe's" job in the press room of the Telegram where he remained until he went to the World War. At the close of the war he got a job as pressman on the New York Herald and is now getting \$3,000.00 a year and he isn't 24 years old. Who says there is no chance for a young man to succeed who is willing to work?

From three to six auctions are held in this vicinity each week during August. It is so every year, but a little more so this year as a couple we wanted to attend came on the same day and it was impossible to be in two places at the same time.

We attended one in Sandwich. It was an all day affair and came on Saturday. We got there at the opening and stayed to the close at six o'clock.

An eight hour carnival among summer guests who were anxious to buy good-for-nothing articles at fabulous prices.

A high-top bureau, handmade, and dummy \$51.00; a make-believe mahogany wash stand, \$22.50, and a basket-bottomed arm chair, not fit for a small dog to sleep in, \$16.50. I wish I hadn't brought them home as a gift. Lots of kitchen chairs of ancient vintage brought from \$9.00 to \$11.00 apiece and so on.

The summer folks seemed crazy to buy. The Sandwich natives smiled when the auctioneer would say: "These prices are ridiculous!" The farmers here will pay more than that; they know the value of these things." Then "the guests" would bid over each other in great excitement.

A ten cent tin salt shaker brought \$1.10; a candle-snuffer \$1.51 and a red spot of the shore of "Old McWain" pond. Burton Sanderson went to Old Orchard, Friday, Aug. 12, to meet his father, who will return with him for a visit before going to their home at Conit, Mass.

L. E. McIntire and Eugene Pinkham attended Cornish fair.

## BUCKFIELD

Mrs. Ernest L. Turner  
Issie S. Turner, wife of Ernest L. Turner, passed away at her home in Buckfield, August tenth, at the age of forty-nine years, two months and five days. She was the oldest daughter of the late Frank M. and Addie Deering Penley and leaves besides her husband, one son, Milo E. Turner, who lives at home, and four sisters, Mrs. Ernest H. Maxim, Mrs. Neil L. Lovejoy of Paris, Mrs. Arthur L. Harriman of Norway, Mrs. Leroy Bradbury of Buckfield and her step-mother, Mrs. F. M. Penley. She was one who always had a smile and a pleasant word for everyone and had many friends. She was laid to rest beside her father and mother in the Riverside Cemetery.

Mary R. Ambrose, born July 11, 1828, died Feb. 28, 1893.  
\*David A. Ambrose, born Feb. 21, 1841.  
He is now living at Meredith, N. H., where he was in active business more than 50 years and possibly he is still in business. He was a dealer in furniture, undertaker and funeral director.

I couldn't spell the word "Apocrypha" neither could I find it in the dictionary. I didn't look in the right place. I knew there was a Bible in the house that contained the word and on finding it, I discovered a Mark Baskett Bible printed in London, England, in 1766 which has been in the Sanborn family for the past six or seven generations.

It is much worn and battered and tied together with two shoe strings, but in it I found the word wanted and if I haven't spelled apocrypha right, I have given my authority as "sanctioned by His majesty as newly translated from the original tongue at His Majesty's special command." Also appointed to be read in churches—M. DCCLXVII" (1766).

Maybe this Bible will some day be sold for \$5.00, but not yet a while.

The Lure of  
BIRTH STONES

AUGUST

Queen Elizabeth gave the Earl of Essex the birthstone of August, a sardonyx, as a pledge of her friendship. When sentenced to death, Essex sent this ring to Elizabeth. By mistake the messenger gave the ring to Countess Nottingham, an enemy of the Earl, who did not deliver the talismanic ring, and in consequence the fated Earl was executed. Countess Nottingham, when dying, confessed this to Elizabeth, who shook her, saying, "God may forgive you, but I cannot."

## Firestone Again Reduces Price Extra Size 30x3 1/2 \$16.65 Now \$13.95

Firestone first made the low price of \$13.95 on the Standard Non-Skid, May 2. Unusual purchasing power through big volume of business, and the great efficiency of its \$7,000,000 Plant No. 2, manufacturing exclusively 30x3 1/2 size, made this possible. Now, the production of the Extra-Size 30x3 1/2 tire has been transferred

to Plant No. 2. This permits the price reduction on this tire from \$16.65 to \$13.95. No such value has ever before been offered tire users. If your dealer hasn't the Extra-Size in stock ask for our Standard Non-Skid type at the same price. You will still be getting an unusual tire value.

### Cords That Don't Blow Out

You feel secure on Firestone Cords. Because Firestone Cords don't blow out. Your repair man will tell you he hasn't seen a blowout this past

year—10,000, 15,000 and 20,000 miles, and the tires still going strong. See your Firestone dealer today. Name below.

Firestone Cord Tires are being sold at lowest prices in cord tire history: 30x3 1/2—\$24.50 32x4—\$46.30 34x4 1/2—\$54.90

## Who's Getting

### The Butter and Egg Money—NOW

When eggs were 12 cents a dozen and print butter 15 cents a pound the farmer's wife received the butter and egg money for pin money.

Those were the days when shaves cost a dime, gasoline brought 8 cents a gallon, ice cream sodas, any flavor, were 5 cents each, housework girls were paid \$2.50 per week, and a respectable suit of men's clothes sold for \$18.00.

Today, that same respectable suit—embellished in style, improved in material, trade marked and guaranteed, and nationally known has not doubled up in price while eight-tenths of the other necessities of life have advanced to three and four times their former price. And still the clothier is being panned hard and raked over the coals often for keeping up his prices.

Men of South Paris and vicinity, this homely editorial is being plainly penned to impress upon you the plain truth. The price of men's wear has dropped not by the thimble full, but by the dipper full and it only takes a comparative observation of a thousand and one other things to see that the clothier—retailer and manufacturer—has done and is still doing more than his share to bring back those days when a seat at your favorite Movie costs a nickel.

## "The Witching Hour"

When we are enabled to offer our patrons a Paramount picture produced by William D. Taylor, we deem ourselves fortunate. We are pleased therefore, to announce the display at this theatre Thursday, Sept. 1, of "The Witching Hour," a superb picturization of Augustus Thomas' celebrated play. This is a delightful story, filled with dramatic situations of the greatest interest and thrills aplenty. From every other standpoint, the production is one of the most remarkable shown at this theatre this season.

The company of players appearing in "The Witching Hour," is a brilliant one and it is headed by Elliott Dexter, a popular leading man. Then there are Mary Alden, Winter Hall, Ruth Renick, Robert Cain, Edward Sutherland, and others who are well known to discriminating screen fans. We need not remind you that this is an attraction de luxe and that if you miss it, you will be the loser. May we expect you?

Yours sincerely, W. E. DeCroteau, Mgr.

#### Cow Testing Association

Twenty-six farmers in the towns of Waterford, Norway and Paris have entered their dairy herds in the second cow testing association to be formed in the county this year. Among the Waterford farmers signed up are L. E. McIntire, F. H. Morse and son, A. L. Sanderson, F. M. Bell, F. M. Millett, C. S. Hamlin, F. C. Shaw, E. K. Kilgore, Charles Learned, George O. Kimball, E. B. Hersey and son, and E. P. Saunders.

### MERCHANT TELLS OF A REMARKABLE CASE

Writing from Maxey, Ga., A. J. Gillen, proprietor of a large department store at that place says:

"I have a customer here who was in bed for three years and did not go to a meal at any time. She had five physicians and they gave her out. One bottle of Tanlac got her up, on the second bottle she commenced keeping house and on the third she did all the cooking and housework for a family of eight."

This sounds incredible, but it comes unsolicited from a highly creditable source and is copied verbatim from the letter.

Tanlac is sold by A. L. Clark Drug Co., Norway; Stowell Bros., Locke's Mills; R. E. Pinkham, East Waterford; W. H. Brown, East Stoneham; Heald, Stearns & Kimball, Lovell; H. L. Hutchins Co., North Fryeburg; L. R. Rounds & Co., Waterford; and P. G. Barrett, Welchville, Me.

An auto trip to Bangor, Newport, Moosehead Lake, Kinco and other places. They traveled in two cars with a trailer loaded with complete camping equipment. A new style automobile folding bed constructed by Mr. Longley was given a trial and proved the best article in his camping experience. The Knights are guests of Mr. Longley's family a few days before returning to their home.

#### Lovejoy Reunion

The Lovejoy Reunion came on a very beautiful day. It was last Sunday and was held at the Heywood Club House. Mrs. Bird opened her little cottage close by as a gathering place and the families came by auto as follows: Mrs. W. H. Lovejoy of Paris, Mr. and Mrs. Ernest Lovejoy and children, Bernard, Philip, Wendall, Norman and Bernice from Buckfield; Mr. and Mrs. Edwin P. Lovejoy and son Myron of Bryant's Pond, Mr. and Mrs. J. Neil Lovejoy and children, Neil Jr., and Rosalind of Paris, Mr. and Mrs. E. A. Record of Paris. Each car held a good sized hamper of choice pastry and the base of the dinner was baked beans, salads and good things from the garden. They all enjoyed the short walk to the Heywood Club House as an appetizer. The tables were arranged very tastefully and additional guests to partake of the good things were Mrs. S. J. Records, Norway, Mrs. Ida Penley, Paris; Mrs. Horace Cummings, W. W. Milton of Andover, who has been staying a few days to take part in the big baseball tournament.

After the dinner was cleared away the room became a concert hall and some fine music, vocal and instrumental, was enjoyed. The two brothers and two sisters, Ernest and Edwin and Mrs. Bird and Mrs. Record gave a number of fine quartet selections. All in all it was a day to be remembered and especially since it was the first time all have been together for about five years.

## TWIN TOWNS WON TOURNAMENT

Effective hitting and clean fielding put the Twins across in two games with a slight margin over West Paris, and an easy lead beyond Berlin. The Tournament was held at the Fair Grounds, Friday, Aug. 19, rain having spoiled the plans for the previous day. Augusta and the Packard Motors of Portland carded for Thursday could not be secured for the postponed event, and Berlin, N. H., and the Lewiston and Auburn Industrials were substituted.

Ideal weather brought a crowd into town, and some 3000 witnessed the sports Friday morning and afternoon. Drawing for position brought the Twins and West Paris into a clinch for the morning battle. Berlin and the Industrials were matched for the afternoon with both winners paired for the final event.

As it worked out the Twins defeated West Paris with a narrow mark of 2 to 1; Berlin walked away with the Industrials by a score 4 to 1, and the Twins easily clinched the Tournament by cleaning up Berlin to the tune of 9 to 4.

Twins, 2; West Paris, 1  
 The morning game was real stuff and bubbling over with thrills. Houghton had a trifle the best of the argument against Benson but the fielding of both teams was clever and a fast exhibition.

West Paris purloined the first tally in the fourth when Needleman singled to left; Gaudette landed into right left; Rowe sent out a fielder's choice that smothered Gaudette, but Fuller's overthrow to complete a double play on this deal gave Needleman the easy score.

Chances to make other marks on the home platter were numerous, but Houghton's work in the box, backed by the team behind in critical moments spoiled the opportunity for gains.

Not until seventh could the Twins make any score records. In the chapter Purinton drew a pass; Masterman sacrificed and Keville's slashes to left sent Purinton across for the first mark. Again in the eighth another lone tally was worried out and proved to be the winning mark.

McDonald walked and found second on Fuller's sacrifice fly to center. Bissonette slammed into center for a clean single, Perham made a return to the home plate endeavoring to head off Purinton, Benson intercepted the throw which made it too late and the runner was safe.

This battle proved the strongest card for the day and one of the best shows given on the grounds this summer. The score:

Berlin, 6; L. & A. I., 1

Berlin, N. H., easily caged the first game in the afternoon with the Lewiston and Auburn Industrials. Wild throws and misplays are largely responsible for the downfall of the Twin-City outfit.

Both teams pulled off timely hitting and numerous sensational fielding stunts added a little pep to an easy going argument. The score:

Twin Towns, 9; Berlin, 4.

The final game bringing together the winners was something like an exhibition of fireworks. Berlin looked good until the third inning when the Twins commenced to lace 'em out and picked up five runs in a cluster. Two sackers by Fuller and White, and a muff off Hunt's long fly were stepping stones leading to the landslide.

Another lucky waltz in the fifth gave three more scores. Masterman found second on a wild throw following his infield tap. Keville singled over second and Masterman scored. Hunt banged a two sacker to right, sending Keville home. Fuller's hit scored Hunt. Purinton patted up the last run in the ninth on a single followed by a beautiful offering by Loud.

Berlin commenced to chalk up runs in their first chapter. Wagner made it safely on a double, a sacrifice and put out vaudeville skit between first and second. The seventh was a headliner for the papermakers with three runs to the merry. Wildes doubled to left and capered across the rubber platter when Chelsey's grounder bounded over Keville's head. Bissonette made a wicked throw while handling Morris' drive.

This was the last effective drive although an attempt to go over the top in the eighth and ninth was nipped.

Twins, 9; Berlin, 4  
 Five runs pulled in during the first inning at the fair grounds Saturday afternoon put the Twins in a lead which the Yarmouths could not head off. Aside from the bad break during this first session, the visitors played good baseball, but were not up to the speed necessary to squelch the fast moving Twin Towns.

Yarmouth made the first move in the second, a pair of runs on the long haul. Hunt passed Newcomb; Sullivan singled to right; Bennett the heavy weight, laced a triple beyond Purinton in left, scoring the two runners.

The last tally was earned in the ninth, after two were put away. Newcomb singled with a scratch, single to right by Duley and Logue put over the lone run. A golden chance was missed to do something in the sixth. With two gone

Average Reduction on All Models Since Last Year

## Price Now -- \$1895

And remember that for five years, including last year, when it sold at \$2600, the Hudson Super-Six was the largest selling fine car in the world.

At its new price of \$1895 doesn't it represent incomparably the greatest value in the fine car market?

No judicious buyer today makes his choice without comparing not only the present price of cars, but also their relative values as indicated by the position and reputation they have held for years.

Such comparison today directs intensified interest upon Hudson.

## It Redoubles Hudson's Value Advantage

There is no need to call attention to the quality, ability and distinction of Hudson. Its leadership in these is a long acknowledged position. It is now in its sixth year as the largest selling fine car. In every way that proof can be offered it has established its right to that eminence.

Many of its official records are of five years' standing. They have been challenged incessantly. Isn't it significant that five years of in-

tensive competition has produced no rival to outstrip them?

And consider that many Super-Sixes are today rendering smooth, dependable duty after more than 100,000 miles of service.

Does any car within its new price range deserve consideration upon the basis of comparative proofs?

And among higher priced cars where will you find any desirable quality that Hudson at \$1895 does not give in equal measure?

and the bases filled, White smothered a long fly into center and cut short the rally. With the Twins playing on half-speed, the visitors should have made better showing with run getting.

The five run jump in the Twins' first chapter was a galaxy of hits and errors. Houghton smashed to center, McDonald laid down a perfectly safe bunt. Bissonette sent a safe scratch toward short

White rasped a hot traveler into left, Masterman banged into right. Purinton went out on a fly to Newcomb and Keville singled. All this slugging with a passed ball and stolen bases capped the bunch of scores. White's single and Masterman's double to right, followed by Keville's error, added another run to the pile in the third. Fuller was the next to reach home in the fifth, using a fielder's choice and Bissonette's two sacker.

Carr, the Yarmouth twirler, was removed at the beginning of the eighth and McGowan occupied the mound. Hunt, the first up, popped to Duley; Houghton was retired from McGowan's to Logue. McDonald laid down a pretty infield hit, but was forced at second by Fuller. This finished the batting for the Twins.

Hunt pitched an easy game and found small chance to tighten. The teams behind also enjoyed the vacation. Summary:

## FRYEBURG

Fryeburg defeated the fast Mayos of Portland on the home grounds Saturday by overcoming a five run lead which the visitors obtained in the first inning.

Saunders was very effective after the first frame, when the Portland boys batted around. Fryeburg played a plucky uphill game and consistent hitting brought home the bacon in the lucky seventh. When four large runs trickled across the platter, a marvelous running catch by Webb, which robbed Flaherty of a three bagger, with two out in the ninth and a man on base, was the feature of the game. Abbott played his same brilliant game at first base while Ballard contributed a back-handed stop of a line drive which was a thriller. The visitors played a snappy game. F. Goss gathered in several hard chances and gave a classy exhibition of ground covering at shore, while Flaherty slammed the ball hard.

## SCORE BY INNINGS

Intervale broke Fryeburg's winning streak Saturday, August 13, by coming through with a 5 to 4 victory in a nip and tuck battle. Pitching honors were nearly even, both slab artists turning in a 6 1/2 inning effort. The game was tied in the seventh inning when Spencer tied up the game with a fluke home run to center; Gray losing the ball in the bushes. Intervale forged ahead in the eighth, scoring two runs on an error, a sacrifice fly and a single. Fryeburg's Gray rallied in the ninth scoring one run and filling the bases. When Saunders tightened and forced two batters to top out on easy chances. The fielding was sharp but erratic. Spencer's error in the eighth was a game changer. The poor condition of the playing field at Carrol Co. Park' makes perfect fielding almost impossible. Something should be done to improve the diamond also to remove the brush from the outfield. The game was a good one to watch. Some classy base ball and the players are deserving of some consideration.

## EAST SUMNER

The Passing of T. B. W. Stetson  
In the passing away of Ten Broeck Willey Stetson, a great loss is sustained by the community, the church and a large circle of friends. His was an exceptionally praiseworthy life, both in his dealings with the outside world and in his family circle. He possessed a rare cheerfulness, and his hearty laugh always brought a responsive smile to the faces of listeners, though they might not know the cause of his merriment. He leaves a widow, Nettie Keene Stetson, two sons, Fred and Samuel, and a daughter, Mrs. Horace Crockett. His oldest son Clarence died after graduating from Bowdoin college.  
The Grange, the Odd Fellows and a large circle of friends attended the funeral Friday, filling the large farmhouse. Rev. Mr. Berkley conducted the services, and spoke very feelingly from the passage, "Precious in the sight of the Lord is the death of his saints."  
Mr. Stetson was born Oct. 5, 1854, on the farm now occupied by Will Crockett. While he was a boy the family moved to the farm in Hartford where he has ever since lived. For many years he has been the clerk of his town, and was always interested in town affairs and whatever helped to the betterment of the community. His cheerful presence and helping hand will long be missed.

Mrs. Berkley and daughter Gladys have returned from a visit to Holyoke, Mass.  
Chas. Hammond took a party to the White Mountains last week Tuesday, returning the following day.  
Mr. and Mrs. Lester Merrill of Auburn and Mr. and Mrs. Walter Randall and little daughter of Peaks Island were week-end guests at W. B. Eastman's. Frieda Schronland of Portland spent last week with her sister, Mrs. Roger Eastman. On her return to Portland she was accompanied by Mrs. Eastman, who will spend a few days in her former home.

A party of girls took a picnic supper on the Pinnacle Friday night, and viewed a beautiful sunset and moon-rise from their lofty position, which well repaid them for the effort of reaching the summit.

Mr. Miller lived on the place now owned by Ernest Brown when he was a boy. He was the son of James and Lucretia Miller and the grandson of Lorenzo Doer Miller, who was one of the first settlers of this part of the town. He settled on the place now owned by Walter Lord and formerly the George Abbott place. It is supposed that the house now standing there was built by him, although the first house built by him was a log house which has been gone many years. Mr. Miller and wife have not been here for about 35 years and find many changes since that time. They, with Mr. and Mrs. Merritt Savin visited their cousin Harry H. Savin at Bethel, Saturday. John McAllister carried them in his car.

Howard Millett is visiting his grandfather, Merritt Savin.

Ernest Brown recently sold a pair of steers and a hog to Willis Learned of South Waterford. Merritt Savin also sold his oxen to Mr. Learned the same time.

# DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had six children die almost at birth. From one hour to nineteen days is all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound, and I can say that it is the greatest medicine on earth, for this baby is now four months old, and a healthier baby you would not want. I am sending you a picture of her. Everybody says 'That is a very healthy looking baby.' You have my consent to show these few lines to anybody."—Mrs. C. W. Benz, 131 3rd Avenue, Altoona, Pa.

Mrs. Janssen's experience of interest to childless wives.  
Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a nice, strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. H. H. JANSSEN, Millston, Wis.

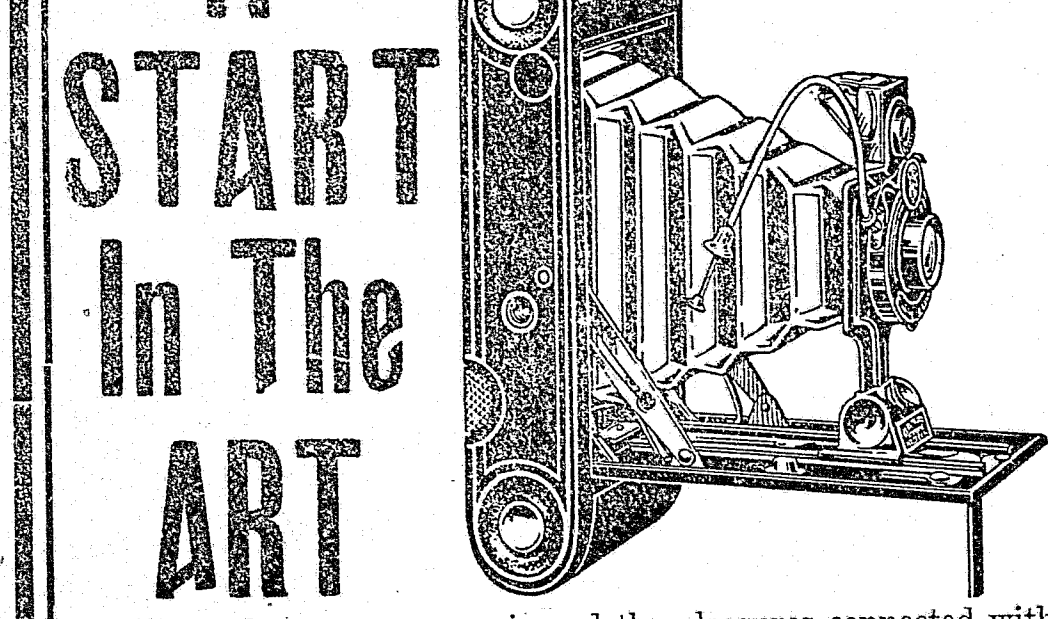

Mrs. Held of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says:  
Marinette, Wis.—"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my letter as a testimonial."—Mrs. H. B. HELD, 350 Jefferson St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments as indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

**Congregational Church Notes**  
There is a movement afoot in our country today, heavily financed by the moneyed interests, which claims to be orthodox, and seeks to win converts back to what are called the fundamentals. Were it merely a theological propaganda, thinking people would be content to leave it alone, but when it embodies an outlook on life, a view of the world, a belief as to humanity, an attitude as to social reforms, an estimate as to what is fundamental in the Christian religion, all of which are contrary to the spirit of Christianity itself, then is it time to speak out. The subject of Mr. Morris' sermon next Sunday morning is, "The Menace of Premillennialism."

Sunday School will meet immediately after the morning preaching service. Mid-week meeting of prayer and praise Wednesday evening at 7.30.
